

SPRAYFO

# Naturally signal healthy calf development

New Sprayfo Ultimo saves farmers 3 weeks in rearing time

Revolutionising calf nutrition

### Inspired by nature

- Discoveries made by researching nutrients in cow's milk and calf development
- Restore natural signals found in cow's milk to trigger gut development
- Promotes healthy growth

Just as nature intended

### Built to nurture

- Balanced fatty acid profile
- Optimised fat levels
- Bioavailable trace minerals

Designed for consistent health and optimal development

### Proven on Farm

- Less health issues
- Better growth through weaning
- Lower rearing and health management costs

Build a productive and resilient herd for a profitable and sustainable dairy future

# Empower every calf

This LifeStart scientific discovery is the blueprint for Sprayfo Ultimo
