

Built to nurture

The first full-fat calf milk with the fatty acid profile of cow's milk

Natural trace minerals for optimal growth

- Bioavailable trace minerals at levels naturally found in cow's milk
- Ensures high bioavailability for predictable absorption
- Supports calf development while reducing environmental waste

“

Building resilience from the inside out

Delivering a natural fatty acid profile

- Sprayfo Ultimo restores short-chain fatty acids found in cow's milk
- Patent-pending encapsulation ensures maximum solubility and digestibility
- The first calf milk to blend these fatty acids for optimal calf development

“

Get as close to nature as it gets for optimal calf development

“

Crafted with nature's blueprint for growth

Strong immune support

- Fatty acids boost immunity and support the natural gut closure process
- Essential nutrients and minerals protect calves against early-life challenges
- Promotes gut health, creating a strong foundation for long-term wellness

“

Consistency that nurtures success, every step of the way

Formulated for consistent performance

- Ensuring steady calf growth and development
- High-quality ingredients maintain consistent feed quality every time
- Supports long-term dairy performance and lifelong productivity

Empower every calf

This LifeStart scientific discovery is the blueprint for Sprayfo Ultimo
